I. Call to Order

Dr. Hatfield called the meeting to order.

A. Amendments to Agenda

1. AD13-39

B. Scheduled Agenda Items

1. Joint Informal Conference 11:00 a.m.

A. CR12-174

B. CR12-175

2. 12:30 p.m. Robert Clinton, M.D., Medical Director, Correct Care Solutions
3. Adjudicatory Hearing 1:00 P.M. CR 12-126 Michael B. Loewinger, M.D.

Executive Session

II. Complaints

1. Letters of Guidance (none)
2. CR12-50

Dr. Dumont moved to investigate further CR12-50. Dr. Jones seconded the motion, which passed unanimously.

3. CR12-73

Mr. Dyer moved to investigate further CR12-73. Dr. Dumont seconded the motion, which passed unanimously.

4. CR12-193

Mr. Dyer moved to dismiss CR12-193. Dr. Andrews seconded the motion, which passed 8-0-0-1 with Dr. Jones recused.

The complainant alleges the physician failed to offer treatment and unreasonably discharged her from an emergency department visit.

The doctor states he did not direct the labor and delivery nurse to tell the patient to leave the hospital if she continued to refuse to allow appropriate lab work. This patient has a history of drug abuse during pregnancy and is belligerent. The doctor states he did tell the labor and delivery nurse this patient could get a second opinion if she wished to do so. This instruction was given by phone in response to a call from the ED and before the physician started his drive to the hospital.

If the doctor expected the patient to leave the ED, it is inconsistent for him to show up at the hospital within a very short time after responding to the call. It is possible the labor and delivery nurse could have misunderstood his instructions regarding a second opinion, but it was not his intent for the patient to leave the hospital.

5. CR12-218

Dr. Barnhart moved to dismiss CR12-218. Dr. Jones seconded the motion, which passed 8-0-0-1 with Dr. Andrews recused.

The patient complains the physician held back information about her illness and test results. She also complains he prescribed medication that was potentially harmful. The physician responded by explaining his care of the patient's chronic illness and his interactions with her. A review of the medical record shows appropriate care and communication.

6. CR12-233

Dr. Dumont moved to investigate further CR12-233. Dr. Jones seconded the motion, which passed unanimously.

7. CR12-234

Dr. Dumont moved to investigate further CR12-234. Dr. Jones seconded the motion, which passed unanimously.

8. CR12-243

Dr. Gleaton moved to dismiss CR12-243. Ms. Clukey seconded the motion, which passed unanimously.

The patient's husband complains the physician was negligent because she was ill and out of the office on the day of his wife's appointment. He demands travel reimbursement. The physician's office manager has affirmed that staff made extra efforts to notify the patient of the physician's unavailability as soon as they learned of her illness; however, they were able only to leave a message after the patient had left home that morning. While it is unfortunate the appointment had to be cancelled (and subsequently rescheduled), which resulted in considerable inconvenience and some expense, the physician is not at fault, nor was she in any way negligent.

9. CR11-511 Charles D. Clemetson, M.D.

Dr. Barnhart moved to order an Adjudicatory Hearing in the matter of CR11-511 Charles D. Clemetson, M.D. and to pursue a Consent Agreement pursuant to instructions given to AAG Smith. Dr. Jones seconded the motion, which passed unanimously.

10. CR12-24 Charles D. Clemetson, M.D.

Dr. Barnhart moved to order an Adjudicatory Hearing in the matter of CR12-24 Charles D. Clemetson, M.D. and to pursue a Consent Agreement pursuant to instructions given to AAG Smith. Dr. Jones seconded the motion, which passed unanimously.

11. CR12-181

Dr. Jones moved to dismiss CR12-181. Mr. Dyer seconded the motion, which passed unanimously.

The complainant states that his rights were violated when a urine drug screen was obtained from him without his consent during an emergency room visit for abdominal pain. He also states that the results were not discussed with him and the physician assistant hovered around him. The physician assistant explains that this patient had a Narcotic Medication Management Agreement in his chart that allowed her to obtain the sample for screening. She states that she was attempting to provide appropriate care for this patient. The Board agrees that a narcotic contract

allows the provider to obtain a urine drug screen, as stated in the contract. The Board also recognizes that there is an implied consent for routine testing when a patient presents to an emergency room. The physician assistant states she did not "hover" and affirms she did discuss the results of testing with the patient.

12. CR12-217

Dr. Jones moved to dismiss CR12-217. Dr. Andrews seconded the motion, which passed unanimously.

The complainant was transferred to a new jail after a blood test was done to rule out cancer. He did not receive the results prior to transfer and requested the results at his new facility. He was twice told incorrectly by a nurse that he would have to obtain the results himself from the first jail (even though the second jail had the results on file). He then filed a complaint against the physician assistant who was in charge of the clinic at the second jail. Subsequent to receiving the complaint, the physician assistant spoke with the complainant, reviewed the test results with him, explained the mix up, and apologized. He has educated his nursing staff, and specifically the nurse responsible, on the appropriate response to requests for testing results by inmates in the future.

13. CR12-220

Dr. Jones moved to dismiss CR12-220. Mr. Dyer seconded the motion, which passed 8-0-0-1 with Dr. Andrews recused.

Upon review, the Board finds this complaint deals with an employment disagreement. The information in the file does not invite further action by the Board.

14. CR12-221

Dr. Andrews moved to hold an Informal Conference in the matter of CR12-221 and order a MPHP evaluation. Dr. Dumont seconded the motion, which passed 8-0-0-1 with Dr. Jones recused.

15 CR12-223

Ms. Clukey moved to dismiss CR12-223. Dr. Jones seconded the motion, which passed 8-0-0-1 with Dr. Gleaton recused.

This complaint originates from a friend of an alleged patient of this physician. The complainant suspects that her friend is diverting and selling her prescription vicodin and states that several attempts to alert this physician were ignored. The physician responds that a release of patient information did not accompany this complaint; therefore, she cannot discuss any personal health information, or even whether this person is or is not her patient. The physician outlines the process her practice undertakes with patients who are being prescribed narcotics and about whom she receives reports of diversion.

16. CR12-225

Dr. Andrews moved to hold an Informal Conference in the matter of CR12-225. Mr. Dyer seconded the motion, which passed 8-0-0-1 with Dr. Jones recused.

17. CR12-232

Ms. Clukey moved to dismiss CR12-232. Dr. Dumont seconded the motion, which passed 8-0-0-1 with Dr. Jones recused.

The patient complains about being discharged from the physician's practice. The patient was in a suboxone treatment program and was discharged for being in violation of her treatment contract. Before making his decision, the physician consulted the patient's counselor, who could offer nothing in the patient's defense. The patient did not release her medical records to the Board.

18. CR12-236 William R. Fannin, Jr., M.D.

Dr. Barnhart moved to hold an Adjudicatory Hearing in the matter of CR12-236 William R. Fannin, Jr., M.D. and to pursue a Consent Agreement pursuant to instructions given to AAG Smith. Dr. Jones seconded the motion, which passed 8-0-0-1 with Dr. Hatfield recused.

19. CR12-237

Dr. Dumont moved to dismiss CR12-237. Dr. Jones seconded the motion, which passed unanimously.

This is a complaint by a patient alleging he received inappropriate care for his cerebral vascular accident and was left with a permanent disability. He also alleges he was poorly treated by the emergency department physician and left in the hallway for hours without treatment.

Review of the record indicates that the time of onset of the patient's symptoms could not be clearly established and might have exceeded 3 hours since he was last seen normal. Based on 2006 standards this would exclude the patient from being a candidate for thrombolytic treatment.

His extensive evaluation, treatment, and admission to the hospital occurred in less than 5 hours from initial emergency department presentation. There is no indication that he was neglected and care appears to have been appropriate.

20. CR12-240

Mr. Dyer moved to dismiss CR12-240. Dr. Dumont seconded the motion, which passed 8-0-0-1 with Dr. Andrews recused.

The complainants allege the physician failed to report child abuse. By her own statement, this physician is in constant consultation with DHHS for this type of issue, as well as many others. A review of medical records demonstrates that the physician was receptive to a request by the childrens' mother for an immediate office visit with the complainants. Review of medical records demonstrates that an appropriate and informative consultation took place, and that there is no reasonable foundation for the allegation.

21. CR13-1

Dr. Gleaton moved to dismiss CR13-1. Dr. Dumont seconded the motion, which passed unanimously.

The complainant feels the physician did not do needed testing to investigate her husband's complaints. A review of the records shows appropriate care, including referral for the initial complaint and immediately sending the patient to the ED for further evaluation when he called with new symptoms.

22. CR13-3

Ms. Clukey moved to dismiss CR13-3. Dr. Jones seconded the motion, which passed unanimously.

A mother complains the physician would not provide timely care to her three sons because they have MaineCare insurance. The physician responded stating the visits were for routine, not urgent care. He admits routine appointments for patients with MaineCare insurance are limited and therefore sometimes delayed, and that this is allowable under MaineCare guidelines.

23. CR13-12

Dr. Andrews moved to investigate further CR13-12. Dr. Gleaton seconded the motion, which passed unanimously.

24. CR13-14

Dr. Barnhart moved to dismiss CR13-14. Dr. Dumont seconded the motion, which passed unanimously.

A patient complains the doctor did not believe the patient and misrepresented the patient. The patient feels that procedures were done without permission and the patient suffered negligent care. The doctor explains the technical aspects of the care and the observations reported by multiple professionals. Although the patient disagrees with the professional conclusions and overall formulation of the case, the chart convinces the Board that the medical care was appropriate.

Public Session

V. Minutes of February 12, 2013

Dr. Andrews moved to approve the minutes of February 12, 2013. Dr. Gleaton seconded the motion, which passed unanimously.

VI. Board Orders & Consent Agreement Monitoring & Approval

A. Board Orders (None)

B. Consent Agreement Monitoring and Approval

1. David N. Breer, M.D. (MPHP Contract Approval)

In 2002, Dr. Breer signed a Consent Agreement changing his license to inactive. The action was based on Dr. Breer obtaining controlled substances through inappropriate prescribing practices. Pursuant to section 10b of Dr. Breer's Consent Agreement his monitoring contract with the MPHP must be approved by the Board.

Dr. Dumont moved to approve Dr. Breer's MPHP monitoring contract. Dr. Gleaton seconded the motion, which passed 8-0-0-1 with Dr. Barnhart recused.

2. Linda C. Keniston, M.D. (PCP Approval)

Pursuant to section 10 a (2) of Dr. Keniston's Consent Agreement her primary care physician must be approved by the Board. Dr. Kenniston has had to change primary care physicians because of her new insurance. Dr. Keniston would like to see Henry Glover, D.O.

Dr. Dumont moved to table until the Board has received Dr. Glover's CV and to authorize Dr. Hatfield to review the CV when received and approve or reject and report his decision to the Board. Dr. Gleaton seconded the motion, which approved 8-0-0-1 with Dr. Barnhart recused.

3. Kevin M. Kendall, M.D.

Pursuant to section 16 c of Dr. Kendall's Consent Agreement his substance abuse treatment provider must be approved by the Board. Dr. Kendall would like to see Mark Publiker, M.D.

Dr. Nyberg moved to approve Dr. Publiker as Dr. Kendall's substance abuse treatment provider. Dr. Barnhart seconded the motion, which passed 8-0-0-1 with Dr. Hatfield recused.

VII. Adjudicatory Hearing 1:00 P.M.

A. CR 12-126 Michael B. Loewinger, M.D.

Rebecca Smith, Esq. Hearing Officer convened the Adjudicatory Hearing in the matter of CR 12-126 Michael B. Loewinger, M.D at 1:50 p.m. Dr. Loewinger appeared pro se. Dennis Smith, AAG presented the case for the State. The hearing concluded at 2:55 p.m.

Dr. Nyberg moved the Board has found ample evidence to support the charge of unprofessional conduct; specifically, multiple failures to respond to the Board regarding two separate complaints. As a result, the Board will impose a fine of \$1,000 (\$500 per violation), assess hearing costs, and issue a Letter of Guidance that emphasizes the physician's responsibility to respond promptly and accurately to all Board correspondence in the future. Dr. Gleaton seconded the motion, which passed unanimously.

The Decision will be made final with the Board's signature, scheduled for the Board's next meeting April 9th, 2013.

VIII. Remarks of Chairman

A. Dr. Hatfield discussed two articles of interest to the Board.

IX. Executive Director's Monthly Report

The Board accepted the report of the Executive Director.

A. Complaint Status Report (FYI)

B. Policy Review: Sole Contact with Staff – Licensing Applicant

Dr. Dumont moved to reaffirm the Sole Contact with Staff by Applicant Policy. Dr. Nyberg seconded the motion, which passed unanimously.
